Tandem Diabetes Care and Rubin Medical Announce Agreement for Distribution of Insulin Pump Products in Scandinavia

SAN DIEGO--(BUSINESS WIRE)-- Tandem Diabetes Care®, Inc. (NASDAQ: TNDM), a medical device company and manufacturer of the only touchscreen insulin pumps available in the United States, today announced that it has entered into a distribution agreement with Rubin Medical to commercialize Tandem's t:slim X2™ Insulin Pump, insulin cartridges, and t:lock™ family of Infusion Sets in Sweden, Norway and Denmark.

"This represents the first pump distribution agreement for Tandem Diabetes Care outside of the United States and is a significant step forward for our international commercialization strategy," said Kim Blickenstaff, president and CEO of Tandem Diabetes Care. "Rubin Medical's proven success with insulin pumps in Sweden, Norway and Denmark, and their demonstrated support of patients and clinicians impacted by diabetes, make them an ideal distributor for us in these countries."

"We are thrilled to be able to bring the first touchscreen insulin pump to our diabetes communities in Scandinavia," said Karl-Johan Öhman, CEO and Managing Director of Rubin Medical. "We believe the t:slim X2 Pump will be well received in these countries. We're very happy to add this product to our portfolio and to be one of the first markets outside of the United States to offer this exciting option to patients and clinics."

Under the terms of the arrangement Rubin Medical will perform all sales, marketing and customer training and support for Tandem's products. Timing for availability of Tandem products in Sweden, Norway and Denmark has not been announced.
