

## Tandem Diabetes Care Announces t:simulator™ App Now Available for Android Devices

SAN DIEGO, June 8, 2015 /PRNewswire/ -- Tandem Diabetes Care®, Inc. (NASDAQ: TNDM), a medical device company and manufacturer of the t:slim® and t:flex™ Insulin Pumps, today announced that the t:simulator™ App is now available for devices using the Android operating system. The t:simulator App mirrors the same steps used on a t:slim Pump for the most commonly used insulin pump tasks.

To learn more and to download the app, visit:  
[www.tandemdiabetes.com/tsimulator](http://www.tandemdiabetes.com/tsimulator)

In addition to Android devices, the t:simulator App is compatible with iPhone®, iPad® and iPod touch® and is available on the App Store™ at no charge.

The app is for demonstration purposes only. Due to the variety of sizes of compatible devices, the t:simulator App may not display the t:slim Pump interface at its actual size. Please refer to the Technical Specifications in the Resources section of the app for more detailed information. This app is intended for ages 12 and up.

### About Tandem Diabetes Care, Inc.

Tandem Diabetes Care, Inc. ([www.tandemdiabetes.com](http://www.tandemdiabetes.com)) is a medical device company with an innovative, user-centric and integrated approach to the design, development and commercialization of products for people with diabetes who use insulin. The Company manufactures the t:slim® Insulin Pump, the slimmest and smallest durable insulin pump currently on the market, and the t:flex™ Insulin Pump, the first pump designed for people with greater insulin requirements. Tandem is based in San Diego, California.
